* Tom Rinehart –Owner/CEO * Elsa Gonsales-Administrative Manager * David Guy- General Manager

Princeton Lawn and Landscapes offers an unsurpassed visual aesthetic in landscape design and superior service at a fair price. PL&L is a full service landscape company offering a full range of services including weekly cutting, fertilizer programs, trimming, pruning, mulch, patios, pavers, outdoor kitchens, firepits and complete snow service.

PL&L separates itself from other Landscape companies by offering 3D computerized renderings of landscape and hardscape installations. Prior to installation you will see a picture of your finished landscape thanks to our unique software.

Being a resident of Princeton with our shop in Montgomery gives us a leg up. Knowing the area and the environment, we are able to design utilizing native species that naturally flourish in our local environment.

We chose The Bank of Princeton because we wanted answers and personal service. We were tired of the mega banks always saying no. We also wanted to deal with a local business who like us has a stake in the local community. The Bank of Princeton provides us prompt answers, personal service and helpful advice. As we start our second year in partnership with The Bank of Princeton we are confident we have a partner who sincerely wants to help us grow.
