## Scissorhands Barber Shop

353 George Street, New Brunswick, NJ 08901

Scissorhands features deeply rooted underpinnings of a traditional barber shop with contemporary accommodations emphasizing finesse in an unparalleled setting.

George Street is the envy of downtown New Brunswick and truly appreciates the history of barbering as a grooming art form where descriptive words are bound to fail when qualifying this vintage landscape which matches beauty with function.

When the barber pole is illuminated and spinning, come enjoy a double hot towel lather shave or haircut. Immerse yourself in local dialogue while grabbing a refreshment or play station controller connected to one of our 6 flat screen television and entertainment units.

We invite you to visit Scissorhands, where an open antique Belmont chair is waiting for you.

Special thanks to The Bank of Princeton and the wonderful staff, who on a daily basis remind us all of what should be the standards of every financial institution. Where even a quick stop for change never goes unaccompanied by fantasy football banter with Luke, a funny tale spoken by Linda or sound fiscal advice from Miriam. We chose to **Bank Wisely.**
