NJTSC is a 501(c)(3)/509(a)(2) New Jersey nonprofit whose mission is to grow high technology jobs in New Jersey through its four dozen Team Member organizations, small and large for profit companies, universities and other nonprofits. NJTSC was founded in 2008 in response to a NJ Dept. of Labor and Workforce Development solicitation for a nonprofit to establish and operate a technology center in the wake of the Base Realignment and Closure Act of 2005. This Act resulted in the closure of Fort Monmouth and the moving of the Army out of New Jersey. With the support of the Office of the Secretary of Defense and of the New Jersey Congressional delegation, especially of Congressmen Holt and Pallone, NJTSC has awarded 20 sub-grants which are expected to result in over 800 new jobs in New Jersey over the next 5 years.

NJTSC has chosen The Bank of Princeton because of its professionalism, competence and friendly/supportive atmosphere, especially at its branch in Montgomery.
