Haun Pharmacy was established in 2011 and is conveniently located on 2nd floor of H-mart in Philadelphia. We offer medications and supplies for customers' healthy needs.

The Pharmacy switched their banking to MoreBank from PNC Bank one year ago, looking for a bank that can understand our business and where we receive better customer service. The employees at MoreBank are always friendly and pleasant when we visit them. I am a happy customer and will continue to bank with MoreBank. We would recommend MoreBank to anyone.
