Edric and Mary Ellen Mason purchased the Lambertville House in 2004 after owning a Bed & Breakfast in Kennebunkport, Maine for 5 years. The Lambertville House was an attractive acquisition because of its location in the beautiful river town of Lambertville and its extensive history as a lodging destination.

The Mason's were happy to see The Bank of Princeton join the community and establish a presence on Bridge Street. We like the idea of a local bank within walking distance to the hotel. The staff and administration is professional and friendly and working with the bank has added a level of efficiency to our business.

We with The Bank of Princeton continued success in our community.
